

Virtual Training Centre

National Health Policy Public Health Dept. of Maharashtra is working systematically to provide basic health facilities to the people of Maharashtra.

Some concrete steps have been taken to provide proper health services to the tribal and people who are living at remote places.

Objectives :

- To Provide basic qualitative, preventive, and curative health services to people of Maharashtra.
- To improve the basic health infrastructure in the Maharashtra state.
- To train the health man power in respect of technical and theoretical aspect.
- To implement all the national health programmes.
- To impart the health education.
- To educate the community to improve their knowledge, positive practices and positive attitude.

To fulfill above objectives, it is highly essential to train the health man power, and for training the man power it is essential to have a good master trainers and due to the shortage of key master trainers, Public Health department is planning to have a virtual classroom, so that all the health and family welfare training centers (HFWTC) will be connected to the central studio at PHI Nagpur.

Initially, we are starting virtual classroom at following places.

- 1) HFWTC NAGPUR
- 2) HFWTC AMRAVATI
- 3) HFWTC NASHIK
- 4) HFWTC KOLHAPUR
- 5) HFWTC PUNE
- 6) HFWTC AURANGABAD
- 7) HFWTC THANE

In due course of time Public Health Department is planning to extend Virtual Classroom to all the district in the state.
